## Parameters

The screenshot shows the Tableau interface with a parameter table on the right and a view on the left. The parameter table is highlighted with a red box. The view on the left shows a table with columns: Category, Sub-Category, Segment, State, Profit, Quant., and Sales. The data row shows: Furniture, Chairs, Consumer, New York, 4,260, 190, 28,916. The parameter table on the right is as follows:

Parameter Name	Value
Segment_Parameter	Consumer
Category_Param	Furniture
State_Param	New York
Sub_Category_Param	Chairs

The view on the left shows a table with columns: Category, Sub-Category, Segment, State, Profit, Quant., and Sales. The data row shows: Furniture, Chairs, Consumer, New York, 4,260, 190, 28,916. The parameter table on the right is as follows:

Parameter Name	Value
Segment_Parameter	Consumer
Category_Param	Furniture
State_Param	New York
Sub_Category_Param	Chairs
